

# Park City's Virtual Run for Sherry Arnold

Saturday, February 11<sup>th</sup>, 9am  
ZB Sports in Newpark  
Up to a 10km distance

## Why:

Sherry Arnold, a Sidney, Montana runner and teacher, was kidnapped and murdered on January 7<sup>th</sup> while running. Her perpetrators have been caught. We'll run together in honor of Sherry and all women who have been victims of violent crime while running. We'll also run to remind ourselves and our community that we are strong, confident women who have the right to safely engage in our sport.

## Details:

Bring your friends and just show up! Men are invited, of course. We'll go snow or shine, so dress accordingly for the weather. "Race bibs" will be provided to show others why we're running, but the event is not timed and it is not a race. We'll run a very easy pace so that we can experience each others' company.
